- Teacher:** My name is Christa Anderson. I graduated from Utah State University with a Bachelor of Science degree in English Literate. This is my fourth year teaching preschool, and I absolutely love the sound of children playing and learning in my home. I have a great love for early childhood education and feel strongly about the importance of singing, storytelling, and sensory play. Mr. Rogers expressed my feelings perfectly when he said, “Play is often talked about as if it were a relief from serious learning. But for children play is serious learning. Play is really the work of childhood.”
